In this blog, we will learn the procedure for importing cars from Dubai to India, Import cars to india, exploring crucial insights such as car import data, the car imports database, car import charges, and more.

Why Do People Buy Cars in Dubai?

Cost-effectiveness is the primary driver of car imports from Dubai. The following explains why import cars from Dubai are more affordable:

Low Taxes: People in Dubai have more disposable income because of the city's high income and low import and sales taxes. They are more likely to import cars from Dubai and purchase luxury goods like automobiles with their money.

An Excess of Automobiles: A large number of Dubai's citizens as well as foreigners have left the nation. This will increase import cars from Dubai to India. However, a large number of them abandoned their fancy cars. Because of the large supply of both new and used cars and the low demand that follows, car prices eventually decline.

Strong Market for Used Luxury and Affordable Cars: People with high incomes are more likely to change cars more frequently, which creates a large and growing market for used luxury and affordable cars.

High Dealership Competition: With so many importers and dealers vying for clients, the Dubai auto market is highly competitive. This keeps the cost of cars low.

Economies of Scale: The automobile industry in Dubai offers advantages due to economies of scale. Low costs are a result of high import values.

So, these are some profitable factors for import cars from Dubai. If you want to import cars from Dubai to India, you need to learn some rules and regulations.

Cars Import From Dubai: Procedures And Rules 2024

There are numerous rules and procedures that must be followed to import cars from Dubai. Let's go through all the rules and procedures for car imports from Dubai to India in detail:

Rules for Importing a New Car from Dubai to India

These are the rules for import cars from Dubai:

- The chosen vehicle needs to be assembled or manufactured overseas.
- The car can only be imported from the country where it was assembled or manufactured.
- At the time of entry, the vehicle must be brand-new; it cannot have been previously registered, lent, sold, or leased.
- The vehicle needs to have headlights capable of lighting the left side of the road.
- Instead of miles per hour, the vehicle's speedometer must display kilometers per hour.
- The naval docks in Chennai, Kolkata, and Mumbai are the only ports via which vehicles may enter the country.

Rules for Importing an Old Car from Dubai to India

These are the rules for import used cars from Dubai to India:

- Used cars that are imported should not have been manufactured more than three years ago.

- The car needs to be right-hand drive.
- The headlights on the car should be positioned to light up the left side of the road.
- The speedometer should show kilometers per hour instead of miles per hour.
- Cars can only be imported via the naval docks in Kolkata, Chennai, and Mumbai.
- The vehicle needs to be sold, registered, leased, or lent.
- The car needs to be safe to drive. Its roadworthiness certificate must therefore be present, and its validity must be at least five years.

Dubai To India Car Import Charges

In India, customs duties are governed by the Customs Act of 1962. Many regulations are established by the Central Board of Excise and Customs (CBEC) that control the collection of customs duties.

The cost of importing a car from Dubai to India is approximately three times the selling price when customs duties are taken into account. The total cost of Dubai to India car import charges varies with import duties and taxes.

The customs duty is 165% for cars whose CIF value is more than USD 40,000 and 125% for cars whose CIF value is less than USD 40,000. Moreover, the car's landed cost (CIF value plus customs duty) is subject to a 28% Goods and Services Tax (GST).

When the vehicle is delivered to them in India, buyers should be aware that there will be additional expenses (in addition to the sticker price), mostly taxes. However, any vehicle with a CIF under USD 40,000 is subject to a 60% import duty when imported into India from Dubai.

Now, we will explore the procedure for How to import car from Dubai to India!

Import Car from Dubai to India: Key Procedure

The following procedures must be followed by dealers who want to import luxury vehicles from Dubai into India:

Step 1: Verify The Eligibility Requirements

Make sure an automobile satisfies the requirements before bringing it into India. Importing a vehicle that is less than three years old is prohibited by Indian government regulations. Additionally, the only people who may apply are Indian or foreign nationals. A car can be imported by anyone who has resided in India for more than a year. Furthermore, the importer needs to obtain an import license from the Directorate General of Foreign Trade, and the vehicle needs to have a valid Dubai registration.

Step 2 : Select a Trustworthy Shipping Provider

Choose a reputable shipping company to import vehicles into India from Dubai. It is crucial that you pick a reputable shipping company with experience in shipping cars. The shipping company should be able to handle all customs procedures and offer door-to-door service.

Step: 3 : Work with a Skilled Import Agent

It is best to work with a seasoned import agent or shipping company who can take care of the legal requirements, customs paperwork, and logistics when buying a car from Dubai to India.

Step 4: Obtain a Non-Objection Certificate

To import cars from Dubai into India, first obtain a no-objection certificate (NOC) from the manufacturer. The NOC certifies that the automobiles can meet Indian emission and safety regulations. The official dealer or agent of the manufacturer in Dubai may issue the NOC.

Step 5: Paperwork and Documentation

The following paperwork is needed to import cars from Dubai to India:

- Invoice Insurance Policy
- GATT declaration, bank draft, bill of lading or sea waybill
- Import License
- Purchase order, letter of credit, and test report
- DEPB (Duty Entitlement Pass Book), ECGC
- (Export Credit Guarantee Corporation of India)
- DEEC (Duty Exemption Entitlement Certificate)
- Commercial Invoice
- Bill of Lading
- Insurance Certificate
- Import License

Pay Custom Duty

Homologation and Registration

That is all you should know before thinking about importing cars from Dubai to India. Even though it will be an expensive and time-consuming process, if you really want what you want, go ahead and make sure the car of your dreams complies with all of these regulations before beginning to import cars from Dubai to India.
