A Hassle-free Process to Import Cars from UK to India

Written by Dev Saini

Shipping Cars to India from the UK

There are many Indian citizens and expats out there who wish to own and use a European made vehicle in India. One of the best ways to achieve this is to import cars to India from the UK. This is where Car Export Company can help you out. We have been shipping cars to India from the UK for over 20 years and are uniquely placed to help you out with the entire process. We have our own wide selection of new and used cars for you to select from and we have very attractive prices. Our export process is very quick and efficient as well. If the vehicle you require is not to be found in our stock, we will source the vehicle and provide one that meets your requirements for your inspection. People who contact us never leave disappointed.

The export process is the main element a client is worried about when deciding to export cars from the UK to India. We assure that we are there to help you every step of the way. With our experience we have the process fine-tuned. We make sure all the paperwork is done and error-free before we ship the vehicle out and we only use the best international logistics companies to when shipping your car. This ensures that your vehicle will get to you safe and sound.

The customs clearing process is the other, albeit minor, the process that you have to go through before getting your hands on the vehicle. We have our own agents in India to help you out with this but if you already have someone else we are fine with that too. These are just some of the reasons why Car Export Company is the best choice when it comes to shipping cars to India from the UK.

Ship Luxury Car to India from the UK

We can bring any sort of luxury, sport or commercial vehicles to India.
